Buffalo Theatre closed, guests referred to Delano and Monticello theatres

If you were planning to see a movie in Buffalo on Tuesday, August 28, you were met with a darkened theatre and a "closed" sign taped to the front door.

The Buffalo Theatre is currently closed. The sign reads: "Thank you for your patronage. We are sorry but this theatre is closed at this time. Please stay tuned for more updates. We are very sorry for any inconvenience."

The closure note refers guests to Monticello or Delano's theatres, or to the popular Fandago film app for nearby locations.

Commissioners okay County Ditch 10 application, vote to sell parcel to St. Michael

By Miriam Orr

County Commissioners met on Tuesday, August 28 to discuss a resolution regarding St. Micheal's request to purchase a parcel of land that is north of St. Michael Parkway, along CR 35.

The city of St. Michael hopes that the parcel of land will help them to correct boundary issues within the vicinity, while also including a public trail for citizens to utilize. The area in question has an assessed market value of $1,600, and Commissioners unanimously approved the sale of the land to the city.

Added on the meeting's agenda was a request by Attorney Greg Kryzer regarding financing for the County Ditch 10 project. Kryzer stated that the county Soil and Water Conservation District (SWCD) would be applying for a grant for funding two storm treatment basins, with an application due this Friday, August 31. Kryzer informed Commissioners that there is a 25% match which the County will

10th Annual Street Party of Hope, September 13th

Buffalo Hospital Foundation has rebranded its annual event, which recognizes those receiving care for cancer.

Each year, Buffalo Hospital Foundation hosts the Street Party of Hope in Downtown Buffalo, Minn. This annual event, formerly called the Pink Street Party, elevates cancer awareness and raises money for Buffalo Hospital Foundation's Community Cancer Care Fund, which provides financial support to individuals who have found their cancer diagnosis to be a financial burden. The new name was created to better recognize people experiencing any type of cancer. Along with the new name, the event is taking place this year on a new date: Thursday, September 13, from 4 p.m. to 9 p.m.

Throughout September, downtown Buffalo will be illuminated with lights in eight different colors, recognizing many of the most commonly diagnosed cancers, as well as caregivers. Community members are invited to sponsor a string of lights as a tribute to loved ones who have experienced cancer and will also have the opportunity to hang a medallion in their honor on one of the eight colored trees on the Splash Pad during the event. The highlight of the evening will be at 8 p.m. where organizers will throw the switch, illuminating downtown in lights that honor, support, celebrate and remember those who have experienced cancer. To learn more about these tributes and honor someone you love, go online and visit streetpartyofhope.org.

A variety of vendors will line the streets, and classic favorites and modern hits by "Crows Feet" will fill the air from the bandstand located near the Splash Pad. The event will also feature a performance by members of the Buffalo Community Theater, as they perform numbers from their fall show, "Company." Over 60 business and organizations, in addition to food and beverage vendors, will be there in support of the Street Party of Hope. New this year is an Almost 5k Fun Run/Walk along the shores of Buffalo Lake, giving people another way to experience the event and honor loved ones by running or walking in their honor. This is a major fund-raising event for the chapter, which was formed in 1986 and is a 501(c)(3) non-profit organization. Funds are used to support the education and safety missions of the chapter, as well as for youth aviation promotion.

Information about the Experimental Aircraft Association and EAA Chapter 878 will be available. Face painting and a bouncy house will help keep the youngsters entertained.

Persons 18 and older are invited to inquire about "Eagle Flights," an EAA mentoring program for adults who are interested in learning to fly.

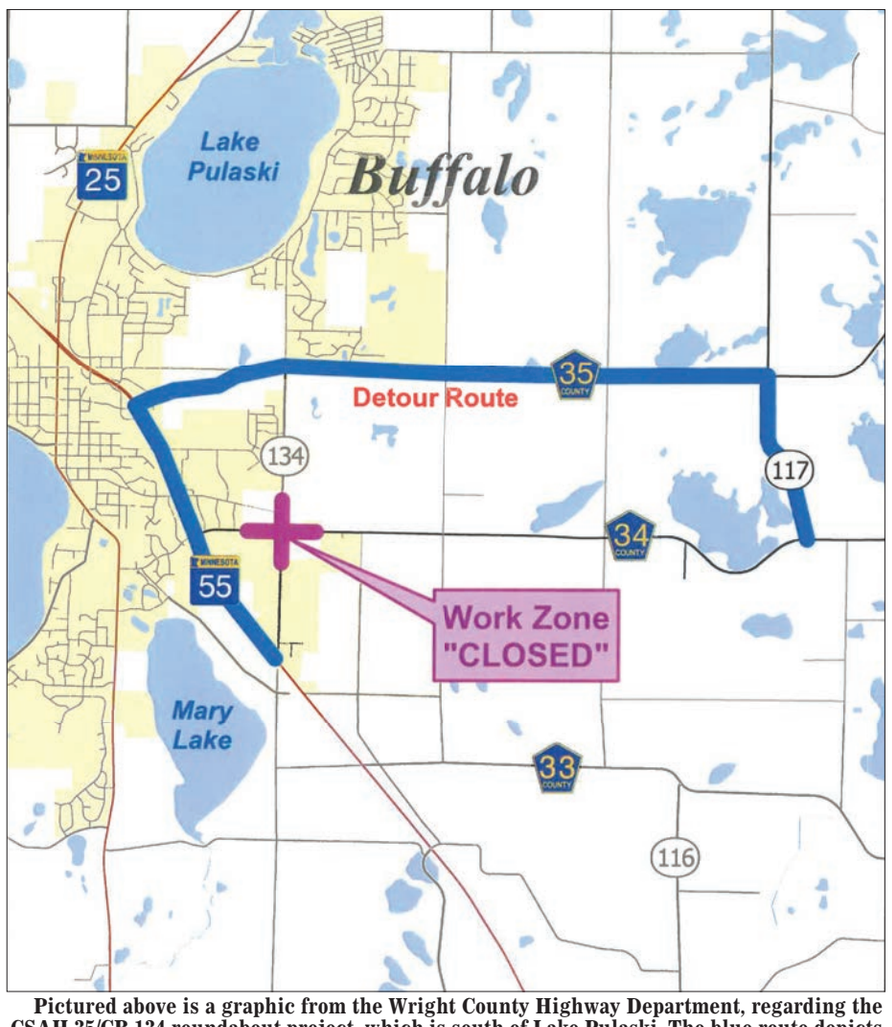
Construction across county creates detours and closures

The Wright County Highway Department would like to update the public on the construction of the Roundabout at the intersection of County State Aid Highway 34 and County Road 134 in the city of Buffalo, that began in early August.

The construction improvements consist of a modern roundabout to improve safety and traffic flow through the intersection. Fehn Excavating, Inc. of Albertville is the prime contractor doing the work. A posted detour route is in effect to direct traffic around the work zone. A temporary All-Way Stop condition has been placed along the detour route at the intersection of County State Aid Highway 35 and County Road 117. This All-Way Stop is temporary for the duration of the detour due to the increase in traffic volumes along the posted detour. The All-Way Stop will be removed upon the completion of the project and the intersection will return to side street stop control only.

Please continue to follow the posted detour signing to navigate around the work zone, and we appreciate you adjusting your driving schedule accordingly to accommodate this important construction project.

If you have any questions, please call 763-682-7383 between 8:00 a.m. and 4:30 p.m., Monday – Friday.



Pictured above is a graphic from the Wright County Highway Department, regarding the CSAH 35/CR 134 roundabout project, which is south of Lake Pulaski. The blue route depicts the detour, while purple indicates a closure. (Courtesy of the Wright Co. Hwy. Department)

I-94 in Monticello

Additionally, Motorists on both directions of Interstate 94 in Monticello should watch for stopped traffic overnight as the road is reduced to a single lane, and intermittently closes, which began on Monday, Aug. 27.

The lane and road closures are needed while crews set bridge beams, and begin deck construction, for the new I-94/Fallon Avenue overpass bridge in Monticello.

Motorists should plan for the following traffic changes beginning Aug. 27:

- Both directions of I-94 between Highway 25 and County Road 18 will be intermittently reduced to a single lane at 9:30 p.m.
- All lanes going in one direction of I-94 will close for up to 15 minutes at a time, up to five times per night, for four to five nights; these full closures will occur between 10:30 p.m. and 5 a.m.
- No lane or road closures will occur on I-94 in Monticello over the Labor Day holiday weekend, from Friday night, Aug. 31 through Monday night, Sept. 3.
- The closures are expected to be complete by Sept. 14.

All times and dates above are tentative, and dependent on weather.

The new Fallon Avenue bridge is one part of a larger project to improve the transportation system in the area. The project will construct a new roadway and bridge that spans I-94 and connects Fallon Avenue to Seventh Street and

September is "Library Card Sign-Up Month"

September is right around the corner, and just happens to be "Library Card Sign-Up Month," a time when the American Library Association (ALA) and libraries nationwide, including all 32 Great River Regional Libraries (GRRL), join together to remind parents, caregivers and students that signing up for a library card is the first step towards academic achievement and lifelong learning.

How can you celebrate this month? Head to your library in September to see what's new and take part in the celebration. Do you have friends or family members who don't have library cards? Invite them to join you! It's quick, easy and most importantly, it's free.

We have a lot to look forward to here at GRRL this month, including a week dedicated to our groundbreaking "Fines Forgiveness" initiative, and new, patron-designed library cards. Stay tuned for more details on these events coming soon.

Eight Wright County youth attend State 4-H Engineering Design Challenge Aug. 6

The energetic buzz of 210 youth preparing for show was hard to miss at Minnesota 4-H's annual Engineering Design Challenge on Aug. 6. The event welcomed youth from across the state in a fun learning event that encouraged teamwork, innovation and lots of creativity.

Using the engineering design process, teams of 3rd – 12th graders built complex machines that accomplished a simple task: planting and watering a single seed, while demonstrating teamwork, creativity and innovation.

Each team spent weeks, and in some cases months, building the perfect machine to meet the challenge. They used 4-H curriculum to explore engineering principles and tested multiple designs and equipment as they went. 4-H adult volunteers guided each team, providing meeting space, helping to secure materials and learning right alongside the young people.

Each team was to build a complex machine that accomplished a simple task: planting and watering a single seed, while demonstrating teamwork, creativity and innovation.

Members of the Willing Workers Club from Delano attend to the machine they built to display at the challenge. (Submitted photos, names not available.)

"I think the best part of the 4-H Engineering Design Challenge is how much youth and adults learn and grow together," reflected Michael Compton, Extension educator and 4-H STEM director. "They discover how to engineer machines, but also about STEM careers and important life skills they can use no matter what their future path."

Youth participants also engaged in STEM learning activities and met with industry leaders and business representatives during the daylong event in St. Cloud. It wrapped up with an awards ceremony, recognizing several teams for their high-quality designs.

Wright County 4-H participants included the FarSide 4-H Club from Maple Lake: Serena Benson, Maya Benson, Josie Wagner, coached by Lowell and Kari Benson; the Willing Workers 4-H Club from Delano: Magdelena Schaffer, Samuel Waters, Fiina Pekuri, John Manuel, Maria Manuel, coached by Nicolle Berg and Caitlyn Pekuri. Other teams participated in the challenge at the Wright County Fair in July which included the Roaming Buffalo 4-H Club from Buffalo and the Monticello Monarchs 4-H Club in Monticello

A taste of Homespun Poetry for sharing

ON TIME

The sands of time run through the
hourglass.
Time is running out.
Time is ticking away.

You can lose time if you are not careful.
You can find time if you want to.
You can squeeze things into time,
But when the clock runs out,
You are out of time.

You can count time, track time,
Spend time and save time.
You can take time out,
But the march of time goes on.

Time is something we have so little of
Yet we waste it, and it drags on.
We wish to speed it up or slow it down
Or just make it stop so we can catch up.

There is no time like the present.
First time comes and then time goes.
And in the end, time is up.
It goes in a flash!
Yet it stands still.

Time heals all things.
Time changes everything.
Here today.
Gone tomorrow.
But tomorrow never comes.
Today becomes yesterday
The wheel of time moves forward.
Second by second it writes history.

Then it is time to go.
We have reached the end of time.

County State Aid Highway 38 Construction Project Update

Work on County State Aid Highway (CSAH) 38 in Otsego, from Odean Avenue to TH 101, is scheduled to begin the first part of September 2018. The prime contractor on this project is Fehn Companies, Albertville MN. During construction, CSAH 38 will be closed to thru traffic, which will be directed to use a posted detour route.

Construction operations during the 2018 season will include the construction of a roundabout @ Odean Avenue NE and reconstruction of the roadbed for approximately 1,000 feet east of Odean Avenue (the existing pavement east of this year's work will remain in place). This area will be paved, and the entire project opened to all traffic – scheduled completion this year is by the end of October, weather permitting. The remainder of the project will be constructed in 2019 with a September 2019 completion date. Part of the work next year will include the installation of a traffic signal at Quaday Avenue NE.

Many privately-owned utility changes will be taking place throughout the project. Buried cables along with overhead lines must be relocated within the new highway right-of-way limits. This work will be performed by the individual private utility companies or crews they hire directly.

The Wright County Highway Department greatly appreciates your patience during construction on this important improvement project. Questions or comments regarding this project can be directed to the Wright County Highway Department @ 763-682-7383 or toll free @ 800-362-3667 (ask for the Highway Department). Business hours are Monday through Friday, 8:00 a.m. to 4:30 p.m.

You can subscribe to get email notification of project updates by going to: www.co.wright.mn.us. Click on "Notify Me" and enter your email address and click on the envelope symbol under "News Flash" for Highway Department. A News Flash will be posted when the Project Webpage is updated.

Stellis Health prescribes food to improve health

More than a half million Minnesotans are food insecure meaning they suffer from health challenges due to a lack of healthy food. "We recently partnered with Second Harvest Heartland's FOODRx program to deliver healthy food every month to patients with diabetes and cardiovascular disease," says Douglas Hanson, MPA, CEO of Stellis Health, P.A.

The FOODRx boxes were built by registered dietitians and contain approximately 25 meals each. The boxes are designed to meet dietary and nutritional needs and contain healthy food items like canned fruits and vegetables, whole grains and quality protein sources. For culture specific diets, the boxes are available in three different versions—traditional American, Somali and Hispanic. Each box also contains educational material including delicious recipes that can be prepared with the contents inside. "We hope that our patients will gain a better understanding of their nutritional needs based upon their health status and learn how to eat and prepare foods that may improve their health," continued Hanson.

Qualifying low-income patients with diabetes and cardiovascular disease can pick up FOODRx boxes once a month at the Stellis Health – Buffalo Clinic location. The food in the boxes varies by month, disease and cultural diet preferences. In addition, patients meet with clinic staff for chronic disease education as part of the program.

To learn more about FOODRx at Stellis Health, call 763.684.3637. To schedule an appointment at Stellis Health or for more information, call 763.684.3600 or go to stellishealth.com.

Save your back-to-school receipts to receive tax benefits

The cost of purchasing back-to-school supplies can quickly add up and Rep. Joe McDonald, R-Delano, urges people to save receipts and take advantage of tax benefits that can provide some relief.

Minnesota has both a credit and a subtraction for education expenses. Both programs reduce the tax parents pay and could provide a larger refund when filing state income tax returns for 2018. Qualifications apply and expenses must be for children attending kindergarten through 12th grade at a public, private, or home school.

"It can be expensive for families to purchase all of the materials their children need to begin the new school year," McDonald said. "There can be some sticker shock for parents, but these tax benefits can help them recoup some of those costs next tax season. We all want to maximize our tax returns, so the best thing to do is to store receipts from back-to-school purchases with the rest of your tax documents so they will be there when you need them next tax season. It's just one more way people can keep more of their hard-earned money."

School supplies which qualify for the credit or subtraction include writing utensils, textbooks, musical instrument rentals, tutoring and computer hardware/educational software. Common items that do not qualify for the subtraction or credit include school lunches, uniforms and backpacks. Parents are encouraged to check the Department of Revenue website (http://www.revenue.state.mn.us) to determine which expenses qualify.

While the education subtraction is not subject to income limits, the credit is limited to households with incomes less than $37,500 for families with one to two children, $39,500 for families with three children, and adding $2,000 per child for families with four or more children. The Department of Revenue indicates that last year more than 37,500 families took advantage of the education credit, saving an average of $241. More than 186,000 families took advantage of the education subtraction.

In addition to visiting the Department of Revenue's website, McDonald encourages constituents who have questions about the credit or subtraction to contact him at rep.joe.mcdonald@house.mn or by calling (651) 296-4336.

It's In Your Court:

by Judge Steve Halsey

No Mulligans in Criminal Court

If you are a golfer you may have more than once announced to your playing partners, "I'm taking a mulligan" when you had a bad shot. We all have desires for "do-overs" when we mess up in life. A "mulligan" is a do-over in golf even though not allowed in the rules and permitted only among friends. But are there "mulligans" in criminal court? Put another way, can the court grant forgiveness to someone who commits a crime, even a minor offense? Can the court "wipe the slate clean?"

As to the trial court, my answers are "no." This may sound harsh and unsympathetic, but I answer those questions in the negative based upon my interpretation of "equal justice" and the law. Judges have no power to dismiss a criminal offense based upon the circumstances of the defendant, whether they say they are sorry and it will never happen again, or whether they are a single parent or had rough childhood or are in a protected class, such as elderly, a veteran, or disabled.

A person convicted of a crime faces consequences dictated by the court, though there usually is a broad spectrum of what those consequences may be. Only the Board of Pardons, or the trial court in very limited circumstances by expungement, can erase a person's criminal record. The articles about forgiveness in court generally discuss alternative sentencing, such as probation with chemical dependency treatment and other consequences other than simply incarceration. I agree that alternative sentencing dispositions are often appropriate, particularly for first offenders, but that is a topic for another time.

Judges also cannot provide forgiveness (on behalf of society) to a criminal defendant. Forgiveness, in my view, is a matter between individuals. In Hennepin County District Court in March 2012, the 76-year-old victim of a car theft confronted the juvenile offender. The comments by the participants in court included the following:

Victim: "When we forgive, we don't deny the hurt that we have received. We don't deny that it was wrong, but we acknowledge there is more to the offender than the offense."

She (the victim) talked about being a foster mom for about 50 kids, many of them who had been abused and neglected, and how much she empathized with the young man standing before her in court.

"I would like [the teen] to know that I pray for him and the other two [boys who were with him] daily, and that it is not too late for them. I would also like these boys to think of their own families. Would they want their families to experience what I have?"

"Again, please let [the boy] know that I sincerely care about him, and I am praying for his redirection and rehabilitation. A good life awaits him, if he will just choose a new path. God bless."

"The hurt, I never thought of that," said the teen. "I'm really sorry. I regret this decision. I'm sorry for all of the hurt that I caused you."

The Judge, known to be stern and no-nonsense, finally spoke from the bench.

"I think many of us have been doing this work for a very, very long time, and I have never seen such a powerful moment in my career. The [teen's] recognition that you had an impact on somebody, that this is not an anonymous hurt, this is a personal hurt. It just so happened that you by chance chose as a victim somebody who can change your life."

Franzen files for re-election for Delano City Council

As one of your Delano City Councilman, I am pleased to say I have filed for re-election in the last number of days. It has been a pleasure to serve the last four years, and I wish to earn your further support and votes this November!

Many a Delano resident that is familiar with me publicly or privately knows that I have been consistently active and working hard as your Councilman. In evidence of this I have served, or are serving, as: the Fire Department liaison, pushing for actions that would lead to fire retention; Park Board Liaison, pivotal in the process that lead to Stahkle Parks upgrading at low public cost; Wright County Area Transit (WCAT) liaison, where I was influential in the process to have County take over the cities responsibility, this has saved the tax payers money; Safe Schools Liaison, during school construction in part, and pushing for some security changes; Delano Municipal Utility Commissioner, and lastly, Highway 12 Safety Coalition liaison, where I have pushed consistently for more than just band-aids in road safety but more lanes in this artery.

I endeavor to continue my active role on the council asking the tough questions, keeping spending under control, and consistently working towards permanent solutions for our cities ongoing and future challenges.

If you have questions or concerns email me at jfranzen@delano.mn.us.

Be sure to vote in this important election this fall.

Jason Franzen

I am so sick of people running down our president. You never hear of the good things he has done so far. You don't hear about the tax breaks which allowed companies to give out bonuses, or their stock going up.

What about the help the veterans are receiving, or of him trying to control the illegal border crossings?

Trump is our president and we are supposed to show respect to him. We don't always like what our parents or children do, but we still love them and show them respect.

So, let's stop and think of it once, and until the next election, let's give some respect where it is due. I didn't like the last president, but I didn't run him down. Everyone doesn't do what we want or act perfect, but we still give them respect.

Sincerely,
Helen Beckius

A recent article in the Journal-Press noted that "Rep. Marion O'Neill was honored with Energy Champion Award". This award was given by The Coalition for a Secure Energy Future.

Turns out "The Coalition for a Secure Energy Future" is a lobby arm for the (dirty) coal industry. As a township officer, I have attended meetings in which Marion O'Neill has stated her opposition to (clean) solar energy.

Coal is a 19th century energy source; we should leave it in the ground. Fossil fuels are a huge driver of climate change, and a danger to our grandchildren. Renewable Energy (solar and wind) is cleaner, employs more people and is cheaper in the long run than either coal, oil, or gas. We should not poison our air in search of cheap electricity.

Energy Champion indeed. And we wonder why voters don't trust politicians.

When New Year's Eve rolls around, the majority of people out and about line up a sober ride because they are planning for a night of celebration. When it comes to relaxing on the lake or at a backyard barbecue in the summer, too often, people overlook the smart choice of lining up a sober ride.

The Wright County Sheriff's Office, and law enforcement throughout the State of Minnesota will be out in force, making sure the roads are safe for you and your loved ones. If you choose to celebrate with a few drinks as summer winds down and you're enjoying the Labor Day weekend, that's okay. However, if you decide to consume alcoholic beverages, do so responsibly!

What does that mean? That means having a designated driver lined up before you get to your destination. That means staying at a friend's home if you don't have a ride. That means having a friend on standby to come get you when you are ready to come home. It never means watching how much you are drinking, and hoping you are okay to drive.

"I thought I was okay to drive."

"I'm just a couple of blocks away from home."

Those are some of the excuses officers hear from people who are arrested for DWI. With sober cabs, ride-share programs, friends and family, there is never be an excuse as to why you drove impaired.

Have a safe and happy Labor Day weekend!

Taking a bite out of 'The Meg'

I'm back....from Cleveland!

While it's obvious that I returned safe and sound back to Minnesota on Sunday, I thought I'd let everyone know that after a fun and crazy-busy weekend, my first-ever flight is now under my belt. My reunion with my best friend was wonderful, though short-lived. We did a myriad of activities, all of which included staying up way past my bedtime.

Perhaps my favorite of all the activities and sightseeing that we did was the Greater Cleveland Aquarium, which included the rare opportunity touch-pool of stingrays (which are very slick, I might add!), and the 3 p.m. shark-feeding tank.

Having never been to an aquarium, I learned far more than I thought I would – from ocean conservation to the fact that octopi only live a total of around four years; my knowledge and appreciation of sea-life grew over the course of a few hours.

Perhaps the coolest experience of the aquarium was seeing the peaceful glide of one of nature's most over-dramatized and under-appreciated creatures, as it made its way through the observation tank.

Yes, I'm talking about sharks.

To give us perspective of how rarely sharks do attack, reports state that in 1996, toilets injured 43,000 Americans, while sharks harmed only 13 people. Additionally, for every human killed by a shark, we kill approximately two million of them; and USA Today reports that from 2005 to 2014, an average of six people per year died worldwide after being attacked by a shark, and that roughly one person per year is killed by the toothy swimmers.

I'm not being fishy, I promise!

Perhaps our fear of the dreaded dorsal fin originally comes from Jaws, which changed the world's perspective look at sharks and perpetuated the fear of being eaten alive.

Which brings me to this year's newest movie, The Meg. Based on a 1996 novel, The Meg stars Jason Statham's "Jonas," a deep-sea rescue diver, and Chinese actress Li BingBing's "Suyin," a marine biologist, as they struggle to survive a recently-discovered Megalodon which has emerged from 11,000 meters beneath the ocean's surface, through a thermal-cap near the sea's floor.

Naturally, fear swims onto the scene as this prehistoric titan takes a bite out of the modern world. Struggling with survivor's guilt is Jonas, who abandons rescue diving after an incident 8,000 meters down leaves him with the decision to leave his two partners behind, or the risk the lives of nine others in hopes that they survive. He makes the tough call.

Suyin's team of biologists, on the other hand, recruit Jonas for another mission – this time, to rescue a team of experts 11,000 meters down who, unbeknownst to them, are trying to survive a the Megalodon's attack along the ocean floor.

Without "fin-ishing" off the film (pun very much intended!), the film is a jumpscare, which means it'll have you out of your seat on more than one occasion. There are some twists and turns that'll keep you engaged, as well as plenty of suspense and action that'll having you cheering on the heroes and gasping for breath. I wouldn't recommend this film for younger viewers – find yourself a babysitter, and you'll be better off seeing this movie.

This film's message is super clear, as it finally arrives to the conclusion that life isn't always about the people you lose, but what matters most is the ones who are alive. Statham's character learns this beneath the waves while fighting for his life, while trying to keep those he cares about alive.

I'd recommend this thrill-ride with this cautionary side-note – make sure to throw yourself a life preserver and see this movie in the light of day! From a paralyzing shark-cage incident to the clever end card, it goes without saying that this movie will have you holding your breath at every turn.

Perhaps it's time we put Jaws out to sea?

Letters to the Editor

We encourage letters to the editor about public matters. Please state your views briefly in your own words. Letters must be signed by the writer and include the legible name, address and daytime phone number of the writer. Only your name and town will normally be published. All letters are subject to editing for clarity, space and appropriateness of content. We reserve the right to refuse publication of any letter. Address letter as follows: Letters to editor, Wright County Journal-Press, P.O. Box 159, Buffalo, MN 55313.

During political election campaigns, we prefer to reserve space in the letters column primarily for our readers and not necessarily for the candidates or campaign committees. We ask that candidates and people who are active on their committees, please identify themselves when submitting material during a campaign. We will consider publishing that material elsewhere on the Opinion Pages. This is not a perfect system. Sometimes candidates feel entitled to respond within the letters column to what they see as serious false charges or significant factual errors made against them in someone's earlier letter. This newspaper tries to be fair in those cases. Do not wait until election eve to raise a serious new issue, when insufficient time remains for a reply.

uting to, and even though the grant is to be awarded in in spring 2019, Kryzer explained that he wanted the 25% match to "not be a surprise" if funds are awarded.

Andrew Grean, of SWCD, explained that the county has already set aside funds for Ditch #10, which is a "big 2019 project, which needs further discussion regarding financing," as Bob Hiivala in the Auditor/Treasurer's office explained.

Regarding the large, County-wide effort to maintain ditches this year, Commissioner Charlie Borrell stated, "I have to commend landowners and residents [regarding ditch projects]," he shared, "they want to help us maintain land and the area, and I think it is a huge plus to have them on board with these improvements."

Commissioner Mike Potter reminded the public of the state mandate and laws that make it the County's legal obligation to maintain ditches and drainage systems. "It is state law, by statue, that we maintain the ditches and drainage systems in Wright County. It takes money to re-determine where those funds go, and to ascertain relief."

The Board unanimous approved the request to pursue grant funding regarding Ditch #10 with a 25% match policy.

Also authorized at the Tuesday meeting were signatures on contracts for BKV Group regarding the new Sheriff's Department / FBI Range and Government Center, which BKV Group will be designing. The authorization officially begins the design process.

Very similar to the edible and safe Shaggy Mane mushroom, left, is the deadly Amanita mushroom, right. These two mushrooms were found within six feet of each other on a grassy trail. Be sure to pay close attention when picking mushrooms in the wild, the results could be disastrous. (Photos by Stan Tekiela)

Know the difference: edible or deadly

Wright County Journal-Press
SECOND SECTION
August 30, 2018/ No. 52

Late summer and early fall is the best time for mushrooms. For the past couple of weeks, I've been out and about searching high and low for all sorts of mushrooms. I find peace in the simple act of walking in the woods without a specific purpose, and being happy with whatever I find.

About 25 years ago, I wrote a book about how to find wild, edible mushrooms. The book highlighted six common edible mushrooms that didn't have poisonous look-a-likes. At the time, it seemed like not many people were willing to spend the time to learn how to safely collect edible mushrooms. Now, I am updating this book because it seems so many more people are interested in collecting edible mushrooms.

Finding and collecting edible mushrooms might seem like a daunting task, considering that there is an estimated 5.1 million different kinds of fungi in the world. Compare that to about 10,000 species of birds, and only 5,000 species of mammals. With over 5 million different kinds of fungi, no one can be an expert. It is just too much information for any one person to know it all.

First, let's talk about what is a mushroom, or more technically, called a fungi. I like to make a comparison between an apple tree and fungi. The apple tree and the fungi are the living parts. The tree grows above ground compared to the fungi that grows underground or inside a fallen log. When it comes time for the apple tree to reproduce, it grows apples with the seeds inside. The apple is a vehicle to transport the seeds (within) to another location to grow another tree. When a fungi wants to reproduce, it does so by sending up, or sending out, mushrooms. The mushroom contains all of the spores (not seeds) for the fungi to reproduce. The spores blow away on the wind to grow another fungi. So the mushroom is just like the apple, only you can't see the tree part unless you dig it up.

Fungi are not plants. The cells which make up the two organisms are fundamentally different. Plants are made up primarily of cellulose, while fungi consist mostly of chitin (pronounced kitin). Chitin is also the primary component of the exoskeletons of insects and what your fingernails and hair are made of. It is more difficult to digest than cellulose.

Fungi play one of the most important roles in all our ecosystems. Fungi are found in terrestrial, marine, and freshwater environments all over the planet. In fact, it is estimated that fungi grow in every square inch of soil everywhere. Fungi spores have been found in the air several miles high.

Fungi are on the front lines in the community of decomposers. In fact, without fungi, every branch and tree that has fallen in the forest would still be laying on the ground if it weren't for the decomposing powers of the fungi. They take the large, dead objects, like tree trunks, and start breaking them down to the point where bacterial and other organisms can take over. This is so important to recycle the nutrients locked up in the trees and return the nutrients back to the soil, and thus, making it available for new trees.

Finding edible mushrooms and avoiding the deadly ones is the real trick. I was reminded of this recently when photographing an edible Shaggy Mane (*Coprinus comatus*) mushroom on a grassy trail. Just six feet away was a deadly Amanita mushroom that looks ridiculously similar. If you weren't paying full attention, you might easily think they were both the edible Shaggy, and pick the deadly Amanita. The results would be disastrous.

By the way, everyone who has ever eaten a deadly mushroom reported that they tasted great. Unlike what you see in the movies and TV, when you eat a deadly mushroom, you don't suddenly drop over dead. In fact, it is a long, drawn out process of many days and weeks. In fact, the first symptoms don't show up until 48 to 72 hours (two to three days) after you eat the mushroom. This is because most of these toxins will kill your liver, and the first symptoms occur when your liver starts to fail.

The only treatment for this is a liver transplant. Something I would not recommend. So, this year, enjoy the mushrooms. There is an old saying that goes like this: There are old mushroom hunters and there are bold mushroom hunters, but there are NO old and bold mushroom hunters. Until next time...

Kitchen Delights by Darlene Dixon

My granddaughter Tia, grandson Ross, his wife Hannah, planned a special anniversary surprise for my daughter Mary, and my son-in-law Mike. The biggest worry is how are we going to keep it a secret? Tia said, "I had to lie to my Mom so may times, so she won't catch on."

It really happened. Everyone who came, got to the house by 4:30 p.m. They parked their cars across the street. As they drove up, Mike said to Mary, "I guess the neighbors are having a party."

At 5:10 p.m., everyone was waiting when Mary and Mike entered. Everyone yelled, "Surprise!" They both looked so shocked, with all 75 people wishing them happy anniversary.

Everyone was hungry. The meal was fabulous. We served pulled pork, which their good friend Eddie made. With it, we served buns, cheesy potatoes, several pasta salads, fruit salads and veggie salads. Then a table with Mary and Mike's variety candies, plus two beautiful decorated cakes. What a great party it was!

Jazzy Refreshing Gelatin

6 oz. (lg. pkg.) orange gelatin
2 c. boiling water
1 c. ice cubes or 3/4 c. ice water
15 oz. can mandarin oranges, undrained
8 oz. can crushed pineapple, undrained
6 oz. can frozen orange juice, thawed
Green grapes & fresh mint, placed around the gelatin

In a 2 qt. saucepan, dissolve gelatin in boiling water. Add the ice cubes (or cold water), oranges, pineapple and orange juice concentrate. Pour into a 6-cup ring mold coated with non-stick cooking spray. Refrigerate at least 4-5 hours.

Just before serving, unmold onto a serving plate. Garnish with grapes and fresh mint.

Yield: 12 servings

Easy Strawberry Butter

6 lg. fresh strawberries, room temp., stems removed
1 c. butter, softened

Cook pasta according package directions. Drain. In a large container, combine chicken, onion, grapes, celery, pineapple, oranges and pasta.

Whip cream; add sugar and vanilla. Mix in salad dressing. Pour over the salad; toss to coat. Test by tasting to see if you need to add salt and pepper. This is my favorite salad to make for a shower.

1 tsp. salt
2 c. grated carrots
2 green peppers, chopped fine
2 c. sugar

Scald peaches in large kettle of boiling water; slide peelings off. Chop peaches into tiny pieces and place in a large Dutch oven Kettle. Add pineapple and juice. Bring to a rolling boil; cook for 5 minutes. Add sugar and butter; cook another 5 minutes, stirring often. Add pectin and gelatin; cook 3 minutes. Stir in extract. Ladle into hot sterilized jars and seal.

Yield: 7 (1/2 pint) jars

Yield: 6 servings

The sale will be held at Wright County Sheriff's Office, Wright County Law Enforcement Center, 3800 Braddock Avenue NE, Buffalo, Minnesota 55802.

The Secretary of Housing and Urban Development will bid $137,757.78.

There will be no proration of taxes, rents or other income or liabilities, except that the purchaser will pay, at or before closing, his prorata share of any real estate taxes that have been paid by the Secretary to the date of the foreclosure sale.

When making their bids, all bidders except the Secretary must submit a deposit totaling $ 13,775.78 [10% of the Secretary's bid] in the form of a certified check or cashier's check made out to the Secretary of HUD. A deposit need not accompany each oral bid. If the successful bid is oral, a deposit of $13,775.78 must be presented before the bidding is closed. The deposit is nonrefundable. The remainder of the purchase price must be delivered within 30 days of the sale or at such other time as the Secretary may determine for good cause shown, time being of the essence. This amount, like the bid deposits, must be delivered in the form of a certified or cashier's check. If the Secretary is the highest bidder, he need not pay the bid amount in cash. The successful bidder will pay all conveying fees, all real estate and other taxes that are due on or after the delivery date of the remainder of the payment and all other costs associated with the transfer of title. At the conclusion of the sale, the deposits of the unsuccessful bidders will be returned to them.

The Secretary may grant an extension of time within which to deliver the remainder of the payment. All extensions will be for 15-day increments for a fee of $500.00, paid in advance. The extension fee shall be in the form of a certified or cashier's check made payable to the Secretary of HUD. If the high bidder closes the sale prior to the expiration of any extension period, the unused portion of the extension fee shall be applied toward the amount due.

If the high bidder is unable to close the sale within the required period, or within any extensions of time granted by the Secretary, the high bidder may be required to forfeit the cash deposit or, at the election of the foreclosure commissioner after consultation with the HUD representative, will be liable to HUD for any costs incurred as a result of such failure. The Commissioner may, at the direction of the HUD representative, offer the property to the second highest bidder for an amount equal to the highest price offered by that bidder.

There is no right of redemption, or right of possession based upon a right of redemption, in the mortgagor or others subsequent to a foreclosure completed pursuant to the Act. Therefore, the Foreclosure Commissioner will issue a Deed to the purchaser(s) upon receipt of the entire purchase price in accordance with the terms of the sale as provided herein. HUD does not guarantee that the property will be vacant.

The scheduled foreclosure sale shall be canceled or adjourned if it is established, by documented written application of the mortgagor to the Foreclosure Commissioner not less than 3 days before the date of sale, or otherwise, that the default or defaults upon which the foreclosure is based did not exist at the time of service of this notice of default and foreclosure sale, or all amounts due under the mortgage agreement are tendered to the Foreclosure Commissioner, in the form of a certified or cashier's check payable to the Secretary of HUD, before public auction of the property is completed.

The amount that must be paid if the mortgage is to be reinstated prior to the scheduled sale is $___N/A_____ as of__N/A_____, plus all other amounts that would be due under the mortgage agreement if payments under the mortgage had not been accelerated, advertising costs and postage expenses incurred in giving notice, mileage by the most reasonable road distance for posting notices and for the Foreclosure Commissioner's attendance at the sale, reasonable and customary costs incurred for title and lien record searches, the necessary out-of-pocket costs incurred by the Foreclosure Commissioner for recording documents, a commission for the Foreclosure Commissioner, and all other costs incurred in connection with the foreclosure prior to reinstatement.

Tender of payment by certified or cashier's check or application for cancellation of the foreclosure sale shall be submitted to the address of the Foreclosure Commissioner provided below.

The numbers may not back it up, but entering year five as head coach of the Buffalo football team, Todd Bouman smells something good cooking in the air.

Bouman owns a career coaching mark of 11-25 since taking over for Gerard Rohl in 2014.

While the losses heavily outweigh the wins, last season's 4-4 district record was a stepping stone for this year's squad. It marked the first time they played at least .500 football since going 6-2 in 2009.

The Bison still finished a game below .500 after losing to Lakeville North 42-14 in the Class 6A state playoffs.

Unlike his first couple seasons, the scores similar to that of the Lakeville North defeat are becoming less frequent. Bouman and his returning players are ready to build off last year's success, but they also know they can learn from last year's failures.

The 2018 squad will be tested early. Buffalo hosts legendary head coach Ron Stolski and his Brainerd Warriors this Friday, Aug. 31 at 7 p.m. The Warriors advanced to the Class 5A state semifinals a year ago, and a team the Bison players remember all too well.

Buffalo lost 30-23 in Brainerd in last season's opener. It was a game the Bison led 20-14 at halftime and 23-22 late, but a trick play in the game's final couple minutes doomed their fate.

"We were 4-4 a year ago in the regular season, but we were 2-3 plays away from being a 6-2 team," Bouman said. "I think that's the biggest thing you want to improve on from a year ago, is how to win those close games."

"I think last year, our good times were very good, and the bad times were very bad," said junior quarterback Aidan Bouman. "I just think our biggest struggles were our inconsistencies. I think this year, we're getting more consistent."

Buffalo has yet to win a playoff game since joining the 6A ranks, but starting their fourth season as a Class 6A member of the North Central District Blue Division, the Bison will play the identical schedule as a year ago, with home games flip-flopped.

"The goal this year is 8-0," said senior offensive lineman Hunter Poncius, who verbally committed this past summer to play football at North Dakota State University.

It's attitudes like Poncius' that make his head coach believe his program is turning the page.

"The biggest thing is, all the kids want to do is what's best for the team," Coach Bouman said. "The culture has really changed. Guys don't care about how many yards they get or personal stats. All the guys want to do is win."

For Poncius, who stands 6-foot-8 in height and 235 pounds, his move from a backup last season to a college recruit this year is one that has truly motivated him.

"It's exciting, because it shows how much I've improved from last year," said Poncius, who backed up former teammate Ryan Kluver, now a freshman on the South Dakota State football team. "It just goes to show what you can accomplish if you put your heart and mind into it."

Skilled offense

Scoring has rarely been a concern when it comes to Buffalo's offense. They totaled 247 points in nine games a year ago.

Aidan Bouman set a single-season school record with 2,228 passing yards his sophomore season. His 16 passing TDs tied Corey Jeske and former teammate Dylan Rohlin for the second-most in a season. The team record of 18, held by Aaron DeMarais (1993) and Jason Senger (2012), looks to be in jeopardy with his continued improvements and growth at quarterback.

Bouman, who verbally committed this past summer to play football at Iowa State University, will be one of two focal points in Buffalo's passing attack. Senior Treyton Welch, an uncommitted, but highly-coveted wide receiver will look to improve on last year's career-best totals of 55 receptions, 936 yards and 11 TDs.

Standing nearly at 6-foot-6 in height, Bouman will have more than just his featured receiver to choose from. Senior Joe McNamara finished second on the team with 25 receptions, 540 receiving yards and three TDs. Senior Jack Munsterteiger also hauled in 25 passes and had 347 yards and two TDs.

Senior Jacob Muhich spent a lot of last season playing linebacker and wide out. This year's squad will also implement the speedy senior wide out Damien Biegert, as well as juniors Michael Tweten and Trevor Johnson.

Now in his third full year playing varsity football, Bouman credits the understanding of the playbook as the No. 1 reason for Buffalo's passing attack ranking among one of the state's best the past few seasons.

"Ever since my dad got here, we've been instilling all of our routes, all of our plays in the younger levels," Aidan said. "Especially now, the kids that have been in those skilled positions have been in that offense since middle school."

With the passing game comes an underrated running attack, led by senior Riley Habisch, who burst onto the

Losing four seniors isn't necessarily a huge number, but losing four senior starters who combined for 12 years of varsity experience is a huge blow for this year's Buffalo volleyball team.

No longer on the team are all-conference standouts Kari Zumach and Aivary Bouman. Also gone are Payton Dannewitz and Jade Schrupp.

"Our seniors last year were awesome," said Jenn (Sheedy) Peterson, now entering year three as Buffalo's head coach. "We lose a big part of our team, so coming into this season, I was a little nervous, because you never know what is going to show up on day one."

Bouman and Zumach were both regular contributors since their freshmen season. Zumach is now playing for the Division-I college power at Creighton University.

This year marks the first time since 2008 that a Zumach will not be on the volleyball court. Older sister, Kylee, is a red-shirt senior this season at Kansas State University. Ironically, the two matched up earlier this month in a scrimmage with Creighton earning a 3-1 win over the Wildcats.

"It's not really awkward without them, it's just kind of sad," said senior outside hitter Kennedy Sohler. "They were definitely leaders on and off the court, and stepped up to show us how Buffalo volleyball should be played."

The biggest loss will be Kari's height. At 6-foot-3, she was easily the tallest player on the team. Her departure means Sohler now becomes one of the tallest players remaining at 5-foot-10.

"If we don't have a tall team, which we don't, we need a strong defense and that's what we're focusing on at the start of the season," said junior setter Nicole Odeen. "It's live-or-die defense, and that's all we have for us right now."

New to the varsity squad this season will be defensive specialists, senior Sadie Driver, senior Alyssa Wallenta, senior Kristi Stendahl, and junior Ellie Therrien. Maddie Johnson will play the libero position, a spot she played frequently a year ago as a sophomore. Johnson finished second to Zumach with 223 digs.

Buffalo also returns sophomore Demi Mills, junior hitters Lauren Ehlers, and senior Faith Winter. Ehlers ranked third on the team in kills a year ago with 127.

"Lauren and Faith have really good swings," Sohler said. "We have a lot of upperclassmen fighting to be in different spots. Right now, we're all working really hard together to try and get a good spot on the court. For me, I'm just hoping to take over a leadership spot and some of Kari's kills. I want to go hard every time and be an option for Nicole."

Odeen is a fourth-year player, who last season enjoyed an all-conference year with

Twin sisters lead Buffalo past Tigers

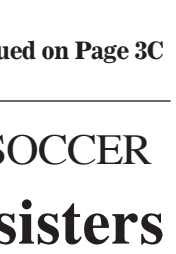
It was quite the season debut for twin sisters Lexi and Lauren Boyd.

Led by Lauren's first-career hat trick, the Boyd's combined for 12 points in a 7-0 road win last Thursday against St. Cloud Tech.

Lexi opened the scoring with a goal at the 35:13 mark. Lauren's first of three consecutive tallies came just 40 seconds later. Buffalo led the Tigers 2-0 at halftime.



Lauren Boyd

Lexi Boyd's second goal gave Buffalo a 5-0 lead with 25:59 left in regulation. Erika Laho and Mya Holmquist netted their first-career varsity goals to close out the scoring.

Lauren finished with three goals. Lexi had two goals and two assists (goals are worth two points for scoring in soccer).

"They are definitely important pieces of what we do," said Buffalo Head Coach Sarah Rodenwald. "Both girls move really well with great vision, and have the ability to impact a game."

More so than the somewhat unexpected surge on offense was Buffalo's ability to possess throughout the entire game.

Senior goalkeeper Carly LaPlant needed to make only four saves to record the shutout.

"We allowed too many shots on Carly last year," Rodenwald said. "We have three new faces on defense this year. Kaylin Strike is a junior and she is our leader back there, and we have two sophomores and a freshman. We are really young back there, but

Brainerd works for 2-1 win over Buffalo

Smrz rallies Bison in 3-3 tie at Anoka

On paper, a 2-1 loss to Brainerd in Monday's home opener for the Buffalo boys' soccer team looked like the visiting team stole a victory.

Trailing 1-0, Warrior senior midfielder Mason Malone netted two goals in less than two minutes to seal the win.

Malone's first goal came on a redirection off a corner-kick shot that he beat Buffalo goalkeeper Wyatt Hiers on the short side. With about six minutes remaining in the contest, Malone buried his second goal, then came crashing down on Buffalo's netminder, who was injured on the play and replaced in the final five minutes by Logan Vajda.

"They came out and outworked us," said Buffalo Head Coach Joe Pokorney. "We had a moment or two the second part of the first half where we matched them. But they came out in the second half and gave it to us, and our guys weren't afraid to say it at the end of the game."

The Bison started with good legs, and controlled possession for a good chunk of the second half. A disallowed goal by Brian Miller for being offside was later followed by two sprawling saves by Brainerd goalie Noah Sundberg.

With less than 10 seconds remaining in the first half, Conor Smrz converted a penalty kick to give Buffalo a 1-0 halftime lead.

The score remained the same throughout most the second half, but momentum was clearly on the visiting team's side.

Prior to Malone's goals, Brainerd had been shutout, but not for lack of chances.

"We were a little tired, but we can't have that as an excuse," said Bison senior Ryan Nelson. "They just wanted it more than we did."

Buffalo was outshot 12-4 in the game, including 8-0 in the final 40 minutes.

"I can tell these guys they need to work hard until I'm blue in the face, but until they see it against them and the consequences that come when you don't, this is what happens," Pokorney said. "It's a really good time of the season for us to see that. It's a great lesson, and I'm confident in this group. We have guys that can work hard, and will work hard."

Pokorney saw his team's work ethic show up in a 3-3 tie in the season opener last Thursday at Anoka.

Buffalo trailed 2-0 at halftime. Smrz netted his first goal of the season with 29:51 left in regulation. Anoka made it 3-1, but Nelson closed the gap to 3-2 when he scored off Miller's corner-kick shot with 17:23 left.

It was Nelson's first-career goal as a senior. A captain last season on the boys' hockey team, Nelson decided his final year of high school would be a good time to play his first year of varsity soccer.

"I knew it would be my last year, so I figured I better leave it all on the field," Nelson said. "With hockey, I knew I was a lot stronger and faster than most the guys out here. I knew I could put that out on the field."

Ironically, Nelson's goal came on a header that he thought wasn't going in the net.

"I was sitting in the back during Miller's corner kick, and hit it with my head," he said. "I wasn't sure if it was going in. There was a guy from Anoka who was sitting there and had a chance to clear it, but he kind of fanned on it and it went in. I was pretty excited."

Smrz's second goal of the night came with three minutes left in regulation, tying the score 3-3.

Neither team scored in either of the two overtime sessions. Logan Vajda made 14 saves in goal to record the tie. The Tornadoes outshot Buffalo 17-11.

"That game tells me I know that it's (work ethic) there," Pokorney said. "I thought we outworked Anoka for the second half. I feel good about our team and the guys feel good with who they have in the room with them. It's just a matter of being consistent."

The Bison (0-1-1 overall) are off until next Tuesday, Sept. 4 when they travle to Delano. Game time is 7 p.m.

all of them bring a lot to the table."

With the inexperience, comes growing pains, which happened in Saturday's 4-1 road loss at Moorhead.

The Bison fell behind 2-0 on a pair of goals in the game's opening six minutes.

"We had a bad defensive play that led to a bad goal 37 seconds into the game," Rodenwald said.

The Spuds made it 2-0 in the five-minute mark on a penalty-kick goal by Lauren Hodney.

Second-half goals by Hodney and Watson accounted for the third and fourth goals for Moorhead. Holmquist scored Buffalo's lone goal, assisted by Hannah Helmbrecht.

LaPlant made eight saves, while Moorhead goalkeeper Emily Soukup made nine.

"Moorhead's sophomore goalie is going to be tremendous asset for them the next few years," Rodenwald said. "I felt after the bad start, our players rose to the occasion. They scored two transition goals while we were trying to push back. That is something we will have to work on as well."

Buffalo (1-1) hosts Hopkins and Chaska in the next two games to open the home part of its schedule. The Royals visit Thursday, Aug. 30 at 6 p.m. The Hawks come Tuesday, Sept. 4 at 7 p.m. Both games are at Bison Field East.

BHS submits application to join Lake Conference

By Rob LaPlante
Sports Editor

On Friday, Aug. 24, Buffalo High School officials emailed their letter of application for acceptance into the Lake Conference.

Buffalo and St. Michael-Albertville's application to the Northwest Suburban Conference was denied in early May. STMA moved forward, without Buffalo, a month later and submitted its application to the Lake Conference, which was also denied.

In a meeting on June 27, both STMA and Buffalo asked to be voted out of the Mississippi 8, which the requests were granted. It takes three denials for the MSHSL to be able to place schools in any conference.

STMA Activities Director Keith Cornell is expecting to find out their future home sometime in late September or early October.

Buffalo's application to the Lake Conference has not been resolved as of yet, but if accepted, they would join Eden Praire, Edina, Hopkins, Minnetonka, and Wayzata in what is considered by many the "power conference."

If denied, it would meet the requirements for the MSHSL to place them later in the year. A placement into the Northwest Suburban Conference, which recently accepted Rogers as a member for 2019-20, would be most ideal. They also could be placed into the Lake Conference, or back into the Mississippi 8.

Deer lottery deadline Sept. 6

Firearms and muzzleloader hunters who want to harvest antlerless deer in a deer permit area designated as lottery this hunting season are reminded they must purchase their license by Thursday, Sept. 6. Hunters who purchase their license before this date are automatically entered into the lottery for the deer permit area or special hunt area they declare.

This season, antlerless deer permits are issued by lottery in 39 of Minnesota's 130 deer permit areas. No application is needed to take antlerless deer in permit areas with hunter choice, managed or intensive designations.

Hunters who want to participate in special firearm or muzzleloader deer hunts also need to apply for permits that are issued through a lottery, and that application deadline is also Sept. 6.

More information about designations and regulations for deer permit areas, as well as details about special hunt opportunities, is available on the DNR website at mndnr.gov/hunting/deer and in the 2018 Minnesota Hunting and Trapping Regulations Handbook.

Sept. 28	at St. Francis	7 p.m.
Oct. 5	Rogers	7 p.m.
Oct. 12	at Andover	7 p.m.
Oct. 17	Cambridge-Isanti	5 p.m.

2017 All-District: Ronald Audette, OL-DL; Mitchell Stroh, S-QB; Patrick Boland, LB; Max Weisberg, C; Jacob Ballenger, G; Lafayette Bade, T; Adam Nelson, RB; Sherrod Kpahn, RB; Jackson Sundt, LB.

Key Departures: Ronald Audette, OL-DL; Mitchell Stroh, S-QB; Patrick Boland, LB; Max Weisberg, C; Sherrod Kpahn, RB; Jackson Sundt, LB.

Key Returners: Jacob Ballenger, G, Sr.; Lafayette Bade, T, Sr.; Adam Nelson, RB, Sr.; Tyler Leshovsky, QB-DB, Sr.; Arik Nordenstrom, LB-RB, Sr.; Jon Suchy, LB-RB, Sr., Kevin Egbujor, DB-RB, Sr.; Corey Hughes, LB-TE, Sr., Zach Stroh, QB, Jr.

2018 Prediction (1st, 7-0 Blue): It doesn't seem to matter who graduates, as Elk River's classic Wing-T style offense remains a classic headache for opposing defenses. The Elks return one of the most explosive running backs in the state in Adam Nelson, who rushed for 1,877 yards and found paydirt 23 times. Look for more of the same from Elk River this fall.

Buffalo Bison (4-4 North Central Blue, 4-5 overall)

Head Coach: Todd Bouman
2018 schedule:

Aug. 31	Brainerd	7 p.m.
Sept. 7	at St. Francis	7 p.m.
Sept. 14	Elk River	7 p.m.
Sept. 21	at Andover	7 p.m.
Sept. 28	Monticello (HC)	7 p.m.
Oct. 5	at Cambridge-Isanti	7 p.m.
Oct. 12	Chisago Lakes	7 p.m.
Oct. 17	at Rogers	7 p.m.

2017 All-District: Aidan Bouman, QB; Riley Habisch, RB; Ryan Kluver, DL-OL; Jaiden Russell, LB-OL; Tannor Schiller, RB-LB; Treyton Welch, WR-DB.

Key Departures: Ryan Kluver, DL-OL; Jaiden Russell, LB-OL; Tannor Schiller, RB-LB; John Gaughan, DB; Jackson Reay, OL; Alan Hernandez, DL; Zak Karels, OL; Jacob Scherber OL-DL.

Key Returners: Aidan Bouman, QB, Jr.; Treyton Welch, WR, Sr.; Riley Habisch, RB, Sr.; Hunter Poncius, OL, Sr.; Joe McNamara, DB-WR, Sr.; Jack Munsterteiger, WR, Sr.; Dustin Sarvie, LB, Jr.; Logan Grossinger, OL, Sr.; Zach Phillips, LB, Sr.; Jacob Muhich, DB-WR, Sr.; Damien Biegert, WR-DB, Sr.; Tony Dahl, DB-QB, Jr.

2018 Prediction (T-2nd, 5-2 Blue): Buffalo can match up with any team in the state when it comes to skill level. With potentially three Division-I offensive players, scoring should again be a strength. The loss off four offensive linemen will leave early question marks up front, but a much-improved defense should finally put Buffalo as a legit contender.

Andover Huskies (6-1 North Central Blue, 8-3 overall)

Head Coach: Rich Wilkie
2018 schedule:

Aug. 30	Alexandria	7 p.m.
Sept. 7	at Rogers	7 p.m.
Sept. 14	at Chisago Lakes	7 p.m.
Sept. 21	Buffalo	7 p.m.
Sept. 28	Cambridge-Isanti	7 p.m.
Oct. 5	at Monticello	7 p.m.
Oct. 12	Elk River	7 p.m.
Oct. 17	at St. Francis	7 p.m.

2017 All-District: Hayden Dunleavy, LB; Matthew Brodeur, LB; Holden Dunleavy, LB; Jackson Sud, OL-DL; Sam Stafsholt, OL-DL; Lucas Beberg, WR; Andy Groebner, WR; Carsen Syke, RB; Conner Knoepfle, QB.

Key Departures: Hayden Dunleavy, LB; Matthew Brodeur, LB; Holden Dunleavy, LB; Jackson Sud, OL-DL; Andy Groebner, WR; Carsen Syke, RB; Conner Knoepfle, QB.

Key Returners: Matthew Brodeur, LB, Sr.; Holden Dunleavy, LB, Sr.; Sam Stafsholt, OL-DL, Sr.; Lucas Beberg, WR, Sr.; Justice Williams, QB, Sr.; Ben Steckman, RBN, Jr.; Matt Hinson, WR, Sr.; Garrett Barten, LB, Sr.

2018 Prediction (T-2nd, 5-2 Blue) : Andover will need to find some new faces to fill the shoes of a star-studded offensive attack a year ago. If the defense, which averaged 33.1 points allowed per game, doesn't improve, the Huskies could be in for a down year, as the offense will be hard-pressed to match last season's 47.3 scoring average clip.

Rogers Royals (6-1 North Central Blue, 6-3 overall)

Head Coach: Marc Franz
2018 schedule:

Aug. 31	at Bemidji	7 p.m.
Sept. 8	at Andover	7 p.m.
Sept. 15	CAMBRIDGE-ISANTI	7 p.m.
Sept. 22	ST. FRANCIS	7 p.m.
Sept. 29	at Chisago Lakes	7 p.m.
Oct. 6	ELK RIVER	7 p.m.
Oct. 13	MONTICELLO	7 p.m.
Oct. 18	at Buffalo	7 p.m.

2017 All-District: Eli Solberg, WR-DB; Ehud Neepaye, DB-WR; Hunter Stull, DB-RB; Cole Larson, QB; John Torresani, DB-RB; Aaron Schmidt, LB-RB; Ben Johnson, OL-LB; Travis Sinclair, OL-DL; Ben McNaboe, DL-TE.

Key Departures: Eli Solberg, WR-DB; Ehud Neepaye, DB-WR; Cole Larson, QB; John Torresani, DB-RB; Travis Sinclair, OL-DL; Collin Murray, RB.

Key Returners: Hunter Stull, DB-RB, Sr.; Aaron Schmidt, LB-RB, Sr.; Ben Johnson, OL-LB, Sr.; Ben McNaboe, DL-TE, Sr.;

2018 Prediction (4th, 4-3 Blue): It was supposed to be a down year last season for the Royals, but the one-time potent rushing game turned into a lethal passing team, led by departed wide receiver Eli Solberg's 55 rerceptions for 1,009 yards and 10 TDs. It will be tough for the Royals to match last year's 6-1 record in district play, but Rogers has a tradition of winning, and that should keep them near the top half of the standings.

Monticello Magic (1-6 North Central Blue, 1-8 overall)

Head Coach: Jason Telecky
2018 schedule:

Aug. 30	Hutchinson	7 p.m.
Sept. 7	at Elk River	7 p.m.
Sept. 14	St. Francis	7 p.m.
Sept. 21	at Cambridge-Isanti	7 p.m.
Sept. 28	at Buffalo	7 p.m.
Oct. 5	Andover	7 p.m.
Oct. 12	Rogers	7 p.m.
Oct. 17	at Chisago Lakes	7 p.m.

2017 All-District: Alex Otto, RB-LB; Kyle Downs, LT-DE; Brandon Loftman, DT.

Key Departures: Brandon Loftman, DT; Carsten Scherber, RB-CB; Tyler Jassmann, RB-LB; Brandon Loftman, OL-DL; Bryan Loftman, OL-DL;

Key Returners: Alex Otto, RB-LB, Sr.; Kyle Downs, LT-DE, Sr.; Ethan Bosacker, QB, Sr.; Shawn Sellner, CB-RB, Sr.; Troy Dahlheimer, RB-CB, Sr.; Carson Sawatzke, WR-CB, Sr.; Thomas VanCulin, WR, LB, Jr.; Carter Hanson, LB, Sr; Collin Soderholm, LB, Jr.; Kade Lammers, DL-OL, Sr.

2018 Prediction (T-5th, 3-4 Blue): Monticello's first year as a member of the North Central Blue Division member was a struggle. A rare one-win season was due to lack of experience and dynamic ground game they once possessed. The Magic should be improved this year with a talented senior class, led by left tackle Kyle Downs and highly-skilled quarterback Ethan Bosacker. The dynamic two-way skilled linebacker/running back Alex Otto will also be a force.

Cambridge-Isanti Bluejackets (2-5 North Central Blue, 3-6 overall)

Head Coach: Mike Hennen
2018 schedule:

Aug. 31	at Sartell-St. Stephen	7 p.m.
Sept. 7	at Chisago Lakes	7 p.m.
Sept. 14	Rogers	7 p.m.
Sept. 21	Monticello	7 p.m.
Sept. 28	at Andover	7 p.m.
Oct. 5	Buffalo	7 p.m.
Oct. 12	St. Francis	7 p.m.
Oct. 17	at Elk River	5 p.m.

2017 All-District: Jett Gaudette, RB-LB; Will Flemister, DT; Kaden Slepica, RB-LB; Brandon Westberg, T; Dylan Jones, RB-FS;

Key Departures: Jett Gaudette, RB-LB; Will Flemister, DT; Alex Ledahl, QB-WR; Jace Wilkinson, WR-DB; Stephen Smith, TE-DB; Levi Stanius, TE-DB.

Key Returners: Kaden Slepica, RB-LB; Brandon Westberg, T; Dylan Jones, RB-FS; Ryley Nelson, RB, Sr.; Luke Malamisuro, WR-DB, Sr.; Austin Lawson, TE-LB, Sr.;

2018 Prediction (T-5th, 3-4 Blue): The return of three All-District Blue Division players should bode well for a Cambridge-Isanti squad that finished 3-6 overall. Leading the charge is 1,000-yard rusher Kaden Slepica, who finished with 1,036 yards and six TDs. The loss of speedy running back Jett Gaudette will hurt, but the Bluejackets should have enough offense to muster wins against the weaker teams in the division, and give some of the upper teams a scare.

Chisago Lakes Wildcats (2-5 North Central Blue, 3-7 overall)

Head Coach: Bill Weiss
2018 schedule:

Aug. 31	at Becker	7 p.m.
Sept. 7	Cambridge-Isanti	7 p.m.
Sept. 14	Andover	7 p.m.
Sept. 21	Elk River	7 p.m.
Sept. 28	at Rogers	7 p.m.
Oct. 5	St. Francis	7 p.m.
Oct. 12	at Buffalo	7 p.m.
Oct. 17	Monticello	7 p.m.

2017 All-District: Henry Trost, QB-RB; Matt Mohr, RB-DB; Evan Ginter, OL; Ryan Marx, DE; Peter Vitalis, WR-DB.

Key Departures: Henry Trost, QB-RB; Matt Mohr, RB-DB; Ryan Marx, DE; Peter Vitalis, WR-DB; Mitchell Barrett, QB; Chase Hemme, RB; Terrell Ayers, RB, LB; Adam Hanson, OL-DL; Jack Hallstrom, OL-DL; Dalton Wood, TE-LB; Karter Mohs, DL.

Key Returners: Evan Ginter, OL, Sr.; Manuel Rosario, RB, Sr.; William Tinjum, WR-TE, Sr.; Beau Stiller, FB, Sr.; David Kimlinger, QB, Jr.; Isaac Aldrich, QB, Sr.

2018 Prediction (7th, 2-5 Blue): Chisago Lakes was last year's poor man's version of Andover. The Wildcats ranked third in scoring in the North Central Blue with 37.4 points per game. They also ranked last in points allowed per game at an identical 37.4. Henry Trost's 1,600 rushing yards and 19 TDs are no longer in the offensive scheme. Trost's monster year earned him Blue Division Running Back Player of the Year. The Wildcats do have enough returning talent to hover around the .500 mark.

St. Francis Fighting Saints (1-6 North Central Blue, 3-8 overall)

Head Coach: Brent Swaggert
2018 schedule:

Aug. 31	at Sauk Rapids-Rice	7 p.m.
Sept. 7	Buffalo	7 p.m.
Sept. 14	at Monticello	7 p.m.
Sept. 21	Rogers	7 p.m.
Sept. 28	Elk River	7 p.m.
Oct. 5	at Chisago Lakes	7 p.m.
Oct. 12	at Cambridge-Isanti	7 p.m.
Oct. 17	Andover	7 p.m.

2017 All-District: Zach Gust, DL-FB; Hunter Dustman, P-K; Colten Petrucci, OLB.

Key Departures: Zach Gust, DL-FB; Colten Petrucci, OLB; Luke Lipinski, RB; TJ Hoglund, RB-LB;

Key Returners: Hunter Dustman, P-K, Jr.; Taylor Aho, QB, Sr.; Dru Dakis, RB, Sr.; Cole Linson, WR-DB, Sr.; Wyatt Schroeder, WR-DB, Jr.; Carter Pendergrass, WR-DB, Sr.; Nick Gerlach, TE-LB, Sr.

Head coach: Brent Swaggert

2018 Prediction (8th, 1-6): Second-year head coach and former Buffalo graduate, Brent Swaggert, no longer possesses an explosive running attack in St. Francis. Swaggert does return starting quarterback Taylor Aho. The Fighting Saints allowed just 28.1 points per game, second fewest among Blue Division teamns, but opponents also know St. Francis scores a lot of its points in threes, with the big leg of starting kicker Hunter Dustman, who has 50-yard range. But field goals will not be enough to make St. Francis a contender.

scene a year ago with 861 rushing yards and 12 TDs. Habisch proved to be versatile in the passing game as well, finishing with 165 receiving yards and one TD.

Habisch enjoyed a career night last season when he rushed 29 times for 161 yards and four TDs in a 48-41 road win last Oct. 13 at Chisago Lakes.

"The big misconception about Buffalo football is that we're a pass-pass-pass team," Coach Bouman said. "We broke down our plays last year and we ran 48-percent run and 52-percent pass. Balance is a big thing on offense, and Riley running the ball is just a coach's dream. He's just a great kid."

Habisch will be without lead fullback Tannor Schiller, but senior Zach Phillips filled in for some reps a year ago. Junior Justin Ellis and sophomore Jayden Wistrom could also be impact players. Habisch also proved a year ago to be a dual threat. That same win over Chisago Lakes, he posted seven receptions for 74 yards and one TD in the passing game.

Making sure the offense clicks will be the biggest question. Senior right tackle Logan Grossinger is the lone offensive lineman returning from last year's squad.

Joining Grossinger will be Poncius at left tackle, senior Jacob Metz at center and senior Ian Oburu at left guard. Teammates have raved about Oburu's play early in practice and throughout summer camps. He missed his entire junior season due to injury.

New-look D

After two seasons coaching the offensive line, Mark Lemen takes over this season as the new defensive coordinator.

Lemen's fiery nature and aggressive play calling has trickled down to his players, particularly with his linebackers and safeties.

With last year's defensive leaders: Ryan Kluver, Jaiden Russell, Alan Hernandez, John Gaughan, and Joey Farniok no longer in the equation, the defense will be led this year by junior linebacker Dustin Sarvie, who led the team in tackles (83) as a sophomore. He also added three sacks.

Phillips also had three sacks as a linebacker a year ago, and Muhich will see an expanded role. Corners will feature McNamara, Tweten, Trevor Johnson, and junior Tony Dahl.

The defensive line will include some new faces, including junior Tucker Johnson, sophomore Isaiah Karels, and freshman Noah Karels.

"The overall aggressiveness on defense is something different than we've ever had," Aidan Bouman said. "I think that's going to be good for us."

Special Teams

The most notable change this season will come in the kicking game. Two-year starter Danika Tweten graduated.

Tweten was nearly automatic in her two years as placekicker. She converted 21 of 25 extra points last season, with most her misses coming on botched snaps. Tweten converted her only field-goal attempt as well.

Filling Tweten's shoes is junior Parker Vajda, who like Tweten, comes from the soccer program. Vajda will handle both kickoffs and field goals. Coach Bouman has nothing but good things to say about Tweten's career, but also knows Vajda's strong leg could also be a new asset.

"The last two years, we knew a TD was seven points with Danika kicking the ball – she never missed," Bouman said. "Parker has been hitting 40-yard field goals in practice. Now, instead of going for it on fourth and long yardage, we have a chance to get three points with his leg, which is a nice added weapon."

VOLLEYBALL PREVIEW

Bison return all-conference setter, two honorable mentions

Volleyball

Continued from page 1C

633 set assists. Ehlers and Sohler were all-conference honorable mentions.

While a lot of new faces will be added to this year's mix, Buffalo still feels it has enough weapons to compete.

"Our varsity crew isn't exactly young – we have five seniors coming back," Peterson said. "We do have a very experienced back row, and our JV is very young, but that's exciting for the future of this program."

This year's veteran leaders also know not to hit the panic button if wins are lacking early on.

The Bison started 0-6 a year ago, but rattled off seven-straight wins towards the end of September. Buffalo finished 14-14 overall, which included a 3-1 home win in the Section 5-3A playoffs. The Bison's season ended in a highly competitive 3-1 loss to St. Michael-Albertville in the quarterfinals.

STMA will again be the favorite this season in the conference, and should challenge defending section champion Champlin Park, whom they lost in five sets a year ago in the finals.

"Last season, I feel we achieved everything that we should have achieved, Odeen said. "We beat some teams I didn't think we could, and teams nobody else thought we could, so I think last year was pretty successful for us. I'm really excited about the girls we have on this year's team. We have a lot of room to improve, but I know these girls want to push as many teams as we can and show them what we have."

The season gets underway with a 7 p.m. road match Thursday, Aug. 30 at Delano.

Drivers reminded to be safe in school zones

As students head back to school, Safe Communities of Wright County reminds drivers to take extra precautions while driving near school zones and in residential areas.

A national report from Safe Kids USA revealed that one out of every six drivers in school zones is distracted. Multitasking while driving can lead to tragic results. Drivers need to shut off the phone, shut off the radio, stop grooming, stop reading, and pay attention to road, especially near school zones.

The Safe Kids' study revealed the following key points:

• **The Danger of Distracted Driving**—Studies have measured the driving skills of distracted drivers showing they perform as bad, if not worse, than drivers who are drunk. This is alarming for anyone on the road, but especially when kids are around.

• **Common Traits of Distracted Driving**—Drivers that don't wear a seatbelt are 34 percent more likely to be distracted than drivers who are buckled up. As a driver, if you engage in one risky behavior, you are more likely to engage in multiple unsafe driving behaviors.

• **Time of Day**—Afternoon drivers are 22 percent more likely to be distracted than morning drivers. Throughout the year, 1-in-3 child pedestrian deaths occur between 3 and 7 p.m., making afternoons the most dangerous time for children to walk.

• **Gender**—Female drivers are 21 percent more likely to be distracted than male drivers. Moms today have a million things on their to-do lists and too often, women are multitasking behind the wheel. Male drivers also have a high rate of distraction.

Let's all do our part to keep our kids and community safe by concentrating on driving and by being aware of the little people around us!

Staggered start dates for BHM

Buffalo-Hanover-Montrose will introduce staggered start dates to kick off the 2018-19 school year.

On Tuesday, Sept. 4, all elementary schools and sixth and ninth graders will start school. Students in grades 7-8 and 10-12, along with Phoenix Learning Center and PRIDE Transitions will begin on Wednesday, Sept. 5.

Transitioning into a new school can be a challenge. Students entering sixth grade at the middle school and ninth grade at the high school often times encounter more anxiety on that first day of school because they have the added stress of navigating a brand-new building. By allowing the new students to their new building, they have an opportunity to figure out their schedule, routine and meet staff without hundreds of other students being in the mix. This will eliminate "Middle School 101" that was a summer program offered to incoming sixth-grade students. The change will also eliminate the need for the "Impact Retreat" for incoming ninth-grade students next school year.

Tatanka Yearbook receives All-American ranking for second consecutive year

The past two years, "Tatanka" yearbook has received All-American recognition by the NSPA. The theme for the 2017 yearbook (pictured above on left) was "Focus." The theme for the 2018 yearbook (pictured above on right) was "Catalyst." (Photo by Rob LaPlante)

The 2018 Buffalo High School yearbook, "Tatanka," recently earned All-American recognition from the National Scholastic Press Association.

This is the second consecutive All-American ranking for the Tatanka. This is the highest award given out by the National Scholastic Press Association (NSPA) at this stage of judging, placing the book among the top yearbooks in the country.

To achieve this, the Tatanka had to receive a mark of distinction in all five areas of judging: Essentials, Coverage, Writing and Editing, Design, and Photography – in addition to scores in each category that placed it among the top-5 percent of all books submitted for critique.

The Editors-in-Chief for the 2018 yearbook were Lindsey Kauffman and Hannah Park. Alison Tokkesdal was the Managing Editor. The theme of the yearbook was "Catalyst," in order to celebrate the people in the community and school that drive change, spark enthusiasm, and have a positive impact on others.

The 2019 yearbook is looking to build on that success, according to BHS Yearbook Adviser Ryan McCallum. The staff won first place at Balfour Publishing's Summer Yearbook Camp in June and four members of the staff recently returned from a weeklong trip to Dallas to work on the book with industry professionals and experts in design and photography.

BUFFALO-HANOVER-MONTROSE SCHOOL DISTRICT 877

BHM adds over 30 new staff members

This year, over 30 new teachers were hired around the Buffalo-Hanover-Montrose School District to replace those who have retired or moved on to other opportunities. In a matchup of two prior state champions, the Maple Lake Lakers advanced to this weekend's Sweet-16 Class C Amateur Baseball State Tournament with an 8-2 win last Saturday over the Midway Snurdbirds at Joe Schleper Stadium in Shakopee.

Leading 2-1, the Lakers broke open a close game with a six-run fifth inning. Matt Bergstrom made it 3-1 with a bases-loaded walk. A sacrifice fly by Hunter Malachek made it 4-1. Derek Rachel's RBI single plated another. Mitch Wurm followed with a 2-RBI single, and Luke Fobbe made it 8-1 with an RBI double.

The eight runs were more than enough for Malachek, who allowed two runs on eight hits, while striking out eight to record the victory. Malachek improved his record to 10-0 on the season. He owns a 0.71 ERA with 75 strikeouts in 76 innings.

Jake Lund allowed seven runs in 4-1/3 innings for the Snurdbirds, the top seed from Region 14 and 2010 Class C state champions. Three of Lund's runs allowed were unearned, as five Midway errors aided Maple Lake's big fifth inning.

Maple Lake improved to 24-7 on the season. They face the New Market Muskies, the top seed from Region 3 this Saturday at 5 p.m. in Shakopee. Saturday's winner will face the Young America-Raymond winner at 1:30 p.m. on Sunday, Sept. 2.

It takes three wins this weekend to reach Monday's Labor Day championship game played at 3 p.m. in New Prague. The Lakers are seeking their fourth overall state title, and first since 2012.

Hutch advances

The top-seed from Region 12 also advanced to the Sweet 16 with a 12-2 win in seven innings last Sunday over the Lastrup Lakers, the third seed from Region 8.

Hutch led 3-2, before scoring eight runs in the bottom half of the fifth inning. Jayden Juergensen led his team's hit parade going 4-for-5 with two runs and three RBI. Jayden Fleck was 3-4 with four runs and one RBI. Jake Wendland was 3-4 with two runs and three RBI.

Juergensen's RBI single in the bottom of the seventh inning that scored Fleck ended the contest on the 10-run rule.

Evan Kohli pitched six innings to record the win for the Huskies, who now play the Sleepy Eye Indians, the third seed from Region 2 at 7:30 p.m. on Sunday, Sept. 1 in Shakopee.

The Buffalo girls' tennis team posted a 2-1 record on Wednesday, Aug. 22 in the Duluth Quadrangular.

The Bison recorded a pair of 7-0 victories over Duluth Marshall and Hermantown, but suffered their first defeat in six matches this season when they fell 5-2 to No. 10 ranked Duluth East.

"We competed very hard against a top-10 team in the state," said Buffalo Head Coach Scott Larsen.

Suffering their first defeats of the season were Anna Lee and Emma Carlson at one and two singles, respectively. Lee lost 6-2, 6-1 to Aili Hietala of the Greyhounds. Hietala finished third in last year's Class AA individual state tounament and currently ranked No. 3 in the state. Carlson lost 6-3, 6-0 to Shay Callaway, a state participant a year ago in doubles play.

Buffalo's two points against Duluth East came 6-1, 6-2 at No. 4 singles by Vanessa Blanchet, and 6-0, 6-2 at No. 2 doubles by Hillary Hovland and Alaina Lee.

"I am happy with our 5-1 start," Larsen said. "We have some work to do to finalize our doubles lineup, but we have a lot of options due to the great depth we have."

The Bison finishes third in last Saturday's 5-team doubles tournament hosted by St. Cloud Tech at South Junior High.

Foley and Becker tied for first with 14 points, with Foley winning the tiebreaker. Buffalo was third with 12 points. Tech finished fourth at nine. Rocori was last with one.

With no singles play, five teams split into five doubles play. Anna Lee and Ohnica Melenich went 2-2 at the No. 1 spot for Buffalo. Cassie McNitt and Ella Stevens were 1-3 at No. 2, and Hillary Hovland and Alaina Lee were 3-1 at No. 3. Going a perfect 4-0 at the No. 4 spot were Perrin Thompson and Blanchet. Two different lineups were used in the No. 5 spot with Buffalo going 2-2.

Next up for the Bison is a 4 p.m. home match against conference rival Monticello.

Live-streaming available for FFA Supreme Champions & Awards Program at State Fair

The Minnesota FFA Foundation is excited to announce it will again live-stream the FFA Supreme Champions and Awards Program live from the Compeer Arena on Sept. 3 at 10 a.m.

This program includes announcing the results from crops and landscape projects, judging contests and the selection of the supreme livestock breeding females in the species of beef, dairy, sheep and swine. More than 1,000 FFA Members exhibit more than 3,300 projects during the Minnesota FFA Encampment from Aug. 31-Sept. 3. Projects include livestock, landscape design and crop exhibits as well as participation in dairy and general livestock judging contests.

The live stream is made possible through sponsorship from Form-A-Feed, a full-service feed and nutrition solutions company.

"For myself, as well as my Form-A-Feed colleagues and clients, who wore the 'Blue and Gold' we benefited from these agricultural education programs during our youth," said Daniel Kohls, business manager at Form-A-Feed. "The FFA aligns with our Form-A-Feed values and our mission. Having received so much both personally and professionally, it only makes sense to support the FFA, both financially and through gifts of service."

Watch Live and on video at YouTube.com/Minneso taFFA. Minnesota FFA Live pre-show at 9:30 am and the live program starts at 10 a.m on Sept. 3.
